Accommodations and Rates:

Chatham Bars Inn offers a rich variety of guestroom styles and types. The 40 rooms in the historically designated Main Inn have been restored to their original grandeur, and several have sweeping views of the Atlantic Ocean. The remaining guestrooms are nestled throughout the property in our newly renovated cottages. Guestrooms in the cottages have ocean, property or golf course views and are individually decorated, some with oversized luxurious bathrooms, fireplaces, private decks and patios overlooking the Atlantic Ocean. Each one of our spacious spa suites includes an oversized hydrotherapy tub, sauna, steam shower, built-in massage table and a fireplace. Guests can receive spa treatments in the comfort of their own room. Nearly all of the 217 guestrooms vary in size and décor. From bright summer ocean colors to warm Adirondack furnishings each has been decorated in a way to remind you where you are – Cape Cod.
